## fes·tim

male name

1. Feast.
2. Private Party.
3. Small Party.

Pedro de Castro doesn't live music alone. Inspiration, experiences are memories lived and shared with friends over the years, in the course of the nights in Lisbon or anywhere else in the world - and it is these musicians who have shared Fado with Pedro since always who are the guests for this Feast.

Festim - edited by the label Museu do Fado Discos - brings together themes from the great names of Portuguese Guitar composition to whom the guitarist pays tribute and will be published in December 2022 with a presentation at the Great Auditorium of the Centro Cultural de Belém, in Lisbon
